The document will go back to the subcommittee for further editing and approval.

WUAG website – unit requirements exemption request

WOC has received a request from WUAG (103.1 FM – UNCG radio station) director Jack Bonney

WUAG is categorized as a student organization, but they do have a full-time UNCG employee (Jack Bonney.)

Lyda Carpen had a graduate student do research that found that most college radio station websites do not follow the rules/template of their university's website. Many did not even mention which college they are affiliated with.

WOC members reviewed the site and decided that WUAG would fall under the classification of a student group and would therefore be exempt from the unit website requirements.

Todd Sutton will inform Bonney of the decision.

Next meeting will be ?? at 3:30pm in Forney 205.
