IOC Attendance Matrix

A=Absent with Notice, P=Present, W=Absent without Notice, G=Guest

Bo Bodenhammer	P	Emily Janke	W
Chris Burnett	A	Eileen Kohlenberg (Dan Shipman)	W
Jaysen Buterin	P	Matt Libera	P
Lyda Adams Carpén		Andrew Marker	P
Sean Farrell	P	Kevin McClain	P
Jason Fleck	P	Kevin Shoffner	P
Tim George	W	Jaap-Jan Van Duin	P
GUESTS		**GUESTS**	

New Website Feedback/Suggestions

Jason - We have had comments regarding the strip of b&w thumbnails- people are asking where the other stories are.

Most of the feedback UR has received was related either the cache or the sticky navigation.

Kevin Shoffner - the only complaint I've heard is that for the past 10 years they've been told that everything had to be "above the fold."

Lyda - it is on my todo list to put a link on the brandguide to a study that shows that "above the fold" is no longer the norm. Scrolling is now expected.

Sean - can we add a new section on the Faculty/Staff page for Safety &

IOC

Police.

Todd - suggested adding Spartan Alert on the current students page.

Lyda - the other request came from the AVC of facilities. She would like facilities to be linked from the faculty/staff page.

Andrew - currently, you can get to facilities through Administration/Business Affairs/Facilities.

Sean - we should probably link to facility operations page from the faculty staff.

IOC agreed to put the facility operations link on the faculty/staff page because it is actionable. This will be put under Campus Services. We will create a section for safety. We'll move environmental health and safety link to the safety section and add spartan alert and emergency telephone numbers.

Sean - while we are moving things, we should move the workshop/professional development calendar to the employee information section. Should be renamed Workshop & Events Registration. Agreed by IOC.

Andrew - we are still working on the home page performance. In addition, we are turning images that are easily "   " are "   ". We will continue to look at this when we start doing more responsive design.

Andrew - using beta.uncg.edu, we developed the sticky navigation to extend beyond the page. We did this to make it "feel" like a window element and not a page element.

Bo - we have told other people they cannot do this.

Andrew - the standard is to go beyond the page.

Sean - is it the fact that it only appears on the homepage a valid enough reason to have a separate set of rules?

Lyda - I'm inclined to wait and see if the complaints about this sticky nav calms down before we create issues for us later. We can revisit this issue at the next meeting.

Bo - my concern is that we have been firm with other developers we can't simply just do it ourselves.

Lyda - the site is going to evolve. I'm only suggesting that we don't do it today.

Kevin M - the homepage is the top of the hierarchy and deserves increased privileges.

Todd - we can write up a proposal for the Chancellor to approve. At the end of the day, the homepage is her page.

Discussion ensued regarding the evolving technologies of the website. As we move towards a responsive web design, we are going to have to update/change the unit website requirements.

Todd - it would be a good idea to put a working group together to look at responsive web design and how the unit website requirements will change. We'll revisit this at the next meeting.

Mobile Apps

In the upcoming months we will be looking at the mobile apps. There will need to be a formal process for requests.

IOC

April 24, 2013

The UNCG mobile app is in the app store now.

At a future meeting, we will need to discuss future development.

UNCG Frontrow(athletics) - iPad app, UNCG app - phone app.

Maps

University Relations has worked on an aggregated page for the maps we have developed.

Lyda showed a PDF of the proposed page.

Andrew- can we use trade gothic for headers - can we use trade gothic for the campus maps.

Lyda - it's a design decision. We are using Georgia for the headings.

Andrew - how are you handling the "links require pdf reader" to comply with ADA. "Download Acrobat Reader" needs to be before the pdfs.

Kevin - can we change the title of the maps to yellow to coincide with the other pages.

Lyda - we will do that.

The center for women's health would like to include their map to nursing areas on campus. We can easily include this.

Todd- we could add the layer to Richard's map.

Sean - if we can, we should be able to add the accessibility layer.

Discussion ensued. IOC agreed we should include both. We can link to

IOC

the pdf of the nursing mother's map.

Kevin M will ask Richard about adding the accessibility and the nursing mother's map.

Next Meeting

May 22, 2013 - Forney 205
