## New Membership

Richard Cox is a new member of IOC representing the Library.

## Accessibility Documentation

Chris Waters

Chris spoke with Richard Cox regarding membership to IOC. Richard indicated that he would like to be involved with the Accessibility documentation sub-committee.

## Mobile Templates

Chris Waters

Chris showed the committee draft mobile template.

Chris Burnett - preview is in chrome. Would it matter which browser it

is in, such as Dolphin?

Chris W - it depends on what engine it uses. We aren't going to support "strange" browsers. (Dolphin uses webkit).

We are currently testing IE, Chrome, Firefox.

Todd - have you thought about what implementation would look like?

Chris W - would we provide assets?

Todd - Yes.

Chris W - we will need to write some documentation. We will probably include a zip file that has a small mobile site - 3 pages - to allow a user to download for use.

We are looking to see if we can use this within a WordPress site. We may do this if it is feasible. This could be an intermediate step. Might use "user agent sniffing." This is a plugin that looks at browser the request is in.

Lyda - will we have a workshop?

Chris W - yes.

Lyda - we could set up something for the C3 group as well.

Chris W - we could set this up as a standalone class.

Chris and Lyda will be trading feedback. We hope to get this worked out prior to our next IOC meeting.

Hopefully, we'll have assets available along with some training options.

## Web-site Contractors

Working with outside contractors. Chris W would like to have a

consulting session with outside contractors creating websites for UNCG entities.

Sherri suggested contacting Trace Little in purchasing regarding inclusion in the bid process.

Todd indicated that this wouldn't apply to bid's below \$5,000, so we would need to develop something for those.

## **UR Leadership**

Lyda Carpén

Paul Mason is our new AVC and is starting 4/1.
